

Morpho, Inc. Announces License of Image Processing Software to Telefónica Móviles España, Spain.

Tokyo, Japan – February 14, 2013 – Morpho, Inc., a global leader in software image processing solutions for mobile devices, today announced that it has licensed its products to Telefónica Móviles España, Spain for use in the tablets which will be distributed together with its new connectivity service "Nomad Connexion".

Morpho will provide its image processing software applications which contain "Morpho Effect Library™". Telefónica Móviles will apply the pre-load or will enable a virtual pre-load of these applications to the tablets which will be distributed with Telefónica Móviles's SIM cards.

Morpho Effect Library™

"Morpho Effect Library™" is a technology for implementing effect processing on still images and videos. It is the unified name for various types of effect processing. At the time of library provision, you can select from various effects.

* "Morpho Effect Library" is a trademark of Morpho, Inc.

* All other trademarks are the property of their respective owners.
