Morpho, Inc. introduces "Morpho Group Photo™"
－ **Capturing a group picture with everyone's best shot made easy**－

Tokyo, Japan - **April 26, 2013** – Morpho, Inc., a global leader in software image processing solutions for mobile devices, released "Morpho Group Photo™," a technology for creating a perfect group picture with everyone's best shot. By choosing the best shot of each person from multiple frames captured, it generates a perfect single group picture.

Morpho Group Photo™

"Morpho Group Photo™" is a unique and handy technology for easily creating a group picture with everyone in the picture looking at their best. From multiple continuous images taken, it selects the best shot of each subject and composes a group picture. In addition to automatically selecting the best shot, "Morpho Group Photo™" also offers a mode which user selects the best shot. By simply selecting the subject's face in the composed group picture, his or her face in each frame of continuous captures are displayed on the screen for user to pick out the favorite shot. Either automatically or manually, a group picture with everyone's best shot is composed.

* "Morpho Group Photo" is a trademark of Morpho, Inc.
